

PART NUMBER
BTN-KIT-MIC-ND

CATEGORY
BUTTONS

Features

Audio Functionality

Activate strobe by connecting to contact closure, call button, existing security system, etc.

Microphone

Hands-free two-way intercom.

Dual Commands

Programmable button modes push/release or push/hold accommodate up to two extensions or phone numbers.

SIP Integration

SIP-enabled.

Dials a phone number to initiate a call or play a pre-recorded message.

Notification

Trigger alerts that activate other devices, such as a strobe or electronic lock.

Software

Compatible with approved third-party software.

LED Button

Illuminates when microphone is active.

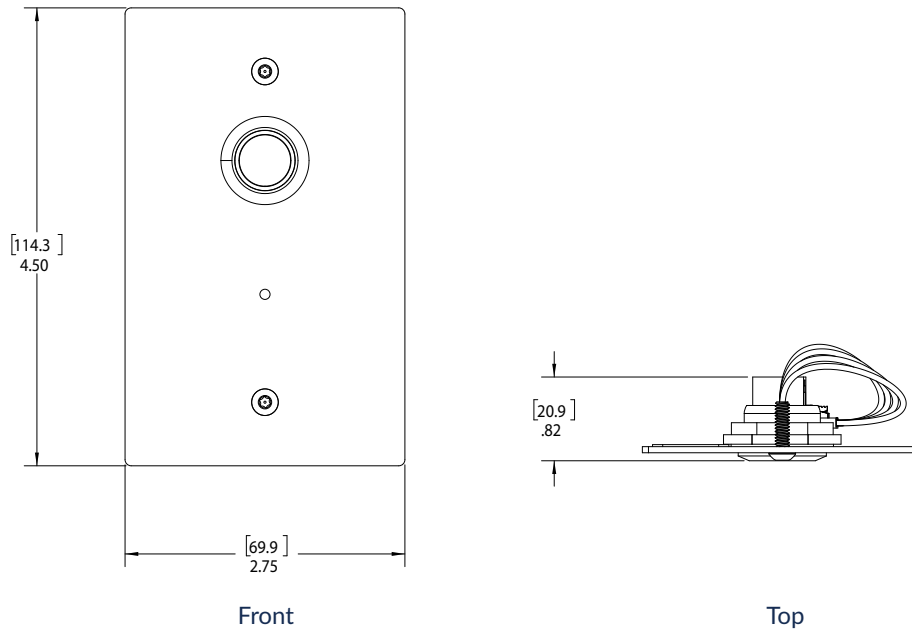

Product Overview

Enable two-way communication with the push of a button by connecting the Call Button Kit with Microphone (BTN-KIT-MIC-ND) to a compatible IP device.

When connected to a compatible IP device, the BTN-KIT-MIC-ND easily integrates with VoIP phone systems, and approved third-party software.
